

Course Outline Aesthetics Instructor

Description: The primary purpose of this Esthetics Instructor course is to train the student in the basic teaching skills, educational judgments, safety judgments, proper work habits, and desirable attitudes necessary to obtain licensure and for competency as an instructor or related position.

Program Length: 750 hours

Educational Objectives: Upon completion of the course requirements, the determined graduate will be able to:

1. Project a positive attitude and a sense of personal integrity and self-confidence.
2. Practice proper grooming, effective communication skills, and visible poise.
3. Understand employer–employee relationships and respect the need to deliver worthy service for value received.
4. Perform the basic skills necessary for teaching, including writing lesson plans, performing lectures and demonstrations, directing student projects, using library resources and audiovisual aids, conducting theory class instruction and measuring student achievement, supervising clinic operations, and maintaining required student records.
5. Apply the theory, technical information, and related matter to ensure sound judgments, decisions, and procedures.

To ensure continued career success, the graduate will continue to learn new and current information related to techniques, communication skills, and teaching methodologies to improve teaching skills.

References: A comprehensive library of references, periodicals, books, texts, and audio DVDs.

Instructional Methods: The clock hour education is provided through sequential learning steps that address specific tasks necessary for state board preparation, graduation, and entry-level job skills. Clinic equipment, implements, and products are comparable to those used within the industry. The course is presented through comprehensive lesson plans that reflect effective educational methods. Subjects are presented by means of lecture, demonstration, and student participation. Audiovisual aids, guest speakers, field trips, projects, activities, and other related learning methods may be used within the course.

Grading procedures: Students are assigned theory study and a minimum number of practical experiences required for course completion. Theory is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and the Practical Skills Competency Evaluation Criteria. Students must maintain a theory average of 75% and pass a final written and practical exam prior to graduation. Student must make up failed or missed tests and incomplete assignments.

Grading Scale:

95-100	A
85-94	B
75-84	C
74 & Below	D
