This will allow you to report a crime on a voluntary, confidential basis for inclusion in the crime statistics report.

Omissions Policy

In certain situations, KEI may remove reports of crimes that have been "unfounded" by law enforcement officials. Any reports removed through this policy will be reported to the Department of Education and the number of such reports will be disclosed in this ASR & USP and will be withheld in the crime statistics report.

Protective Measures Request

If you report an alleged offense, you may request certain reasonable changes in your academic or work schedule to the Title IX Coordinator.

Victim's Rights

- Following any alleged offense, whether or not it is reported to local law enforcement, Kelley Education Inc. will work to accommodate victims with schedules upon request, reasonableness, and availability through the Title IX coordinator.
- In response to all complaints, Kelley Education Inc. promises prompt and equitable resolution through a reliable and impartial investigation of complaints, including the opportunity for both parties to present witnesses and any evidence.

- The time necessary to conduct an investigation will vary based on complexity but will generally be completed within sixty (60) days of receipt of the complaint.
- Each institution shall maintain confidentiality for all parties to the extent possible, but absolute confidentiality cannot be guaranteed. In cases where a student or employee does not give consent for an investigation, the Institution will weigh the request for confidentiality against the impact on Institution safety to determine whether an investigation must proceed. Complainants should be aware that in a formal investigation due process generally requires that the identity of the charging party and the substance of the complaint be revealed to the person charged with the alleged harassment.
- The preponderance of the evidence standard will apply to investigations, meaning the Institution will evaluate whether it is more likely than not that the alleged conduct occurred.
- Both parties will receive written notice of the outcome of the complaint.
- During the investigation, the Institution will provide interim measures, as necessary, to protect the safety and well-being of students and/or employees involved.
- If the Institution determines that unlawful harassment or sexual violence has occurred, immediate appropriate corrective action will be taken in accordance with the circumstances involved, and the Institution will take steps to prevent the recurrence of any harassment, violence or discrimination.
- Any employee determined by the Institution to be responsible for unlawful harassment or discrimination will be subject to appropriate disciplinary action, up to and including termination.
- Remedies for student-related claims may include, but are not limited to, an order to stay away, suspension, or expulsion.
- To initiate a criminal investigation, reports of sexual violence should be made to “911” or local law enforcement. The criminal process is separate from the Institution’s disciplinary process.
- To the extent that an employee or contract worker is not satisfied with the Institution’s handling of a harassment or discrimination complaint, he or she may also contact the appropriate state or federal enforcement agency for legal relief.
- The Institution will not retaliate against you for filing a complaint, and will not tolerate retaliation by students or employees. If you believe you have been retaliated against, you should promptly notify the Title IX Coordinator or Deputy Title IX Coordinator.
- Victims of sexual misconduct should be aware that Institution administrators must issue timely warnings for incidents reported to them that pose a substantial threat of bodily harm or danger to other members of the campus community.
- The Institution will make every effort to ensure that a victim’s name and other identifying information is not disclosed, while still providing enough information for community members to make safety decisions in light of the danger.
- The Institution reserves the right to notify parents/guardians of dependent students regarding any health or safety risk, or a change in student status.
- Students and employees can obtain from the Institution’s Executive Director or Human Resources, information regarding existing counseling, health, mental health, victim’s advocacy, legal assistance, and other services available for victims that are available in the community.
- With respect to orders of protection or similar orders issued by a court, the institution will maintain as confidential any accommodations or protective measures provided to the victim, to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.
- In addition to the Institution, the U.S. Department of Education Office for Civil Rights (“OCR”) investigates complaints of unlawful harassment of students in educational programs or

activities. This agency may serve as a neutral fact finder and will attempt to facilitate the voluntary resolution of disputes with the parties. For more information, visit the OCR website at: <http://www.hhs.gov/ocr/>.

Appeals

Appeals to investigation findings are to be made in writing within 7 days of the publication of the finding. Appeals will be reviewed and considered for merit if they contain factual evidence that was not included or if an error occurred during the investigation. The appeal process will be completed within 30 days unless additional time is required.

Retaliation Policy

Students or employees found guilty of participating in retaliation against anyone who reports sexual harassment or impedes an investigation is subject to termination.

Any person who believes they may be a victim of retaliation should immediately report the activity to the Title IX Coordinator.

3. Have you combined statistics that you received from the local or state police with your institution statistics for this report? If you answer No to this question, you will be asked to provide the data you received from the local and state police separately.			
<input checked="" type="radio"/>	Yes. Local and/or state law enforcement agencies provided us with statistics that we are combining with statistics collected by our campus security authorities.		
<input type="radio"/>	No. We are not combining the statistics because we cannot determine whether the statistics we obtained from local and/or state law enforcement agencies are for on-campus incidents or public property incidents.		
<input type="radio"/>	Not available. We cannot determine if the statistics we obtained from local and/or state law enforcement agencies are for our Clery geography.		
<input type="radio"/>	Not available. We made a good-faith effort to obtain statistics from local and/or state law enforcement agencies, but the agencies did not comply with our request.
